1. Introduction

This guide provides a comprehensive procedure for optimising and improving property management operations by utilising the PROPSERVA Smart Integrated Property Management System, which was developed by VYROX INTERNATIONAL SDN BHD. The PROPSERVA platform provides a secure customer account system for property administration, allowing users to efficiently update profiles, manage invoicing, monitor visitors, and handle maintenance requests. Users are accountable for the precision and backup of their data. The platform strictly enforces utilisation terms, which include the prohibition of unauthorised software distribution and the restriction of commercial use. In general, PROPSERVA's client account streamlines and safeguards property administration for both residents and managers.
