

Customer Account

1. Introduction

This guide provides a comprehensive procedure for optimising and improving property management operations by utilising the PROPSERVA Smart Integrated Property Management System, which was developed by VYROX INTERNATIONAL SDN BHD. PROPSERVA is a comprehensive suite of tools that is specifically designed for property managers, building administrators, and facility operators to effectively manage a variety of property administration-related tasks.

2. Customer Account

The PROPSERVA platform provides a secure customer account system for property administration, allowing users to efficiently update profiles, manage invoicing, monitor visitors, and handle maintenance requests. Users are accountable for the precision and backup of their data. The platform strictly enforces utilisation terms, which include the prohibition of unauthorised software distribution and the restriction of commercial use. In general, PROPSERVA's client account streamlines and safeguards property administration for both residents and managers.

2.1 Create Customer Account

Go to **Customer Account > New Customer Account > Fill in details > Add**

The screenshot displays the 'Card Access > Approved' section of the PROPSERVA system. The main content area features a table with the following data:
